

Achieve, Drive, Lead Digital Transcendence At IPC APEX EXPO 2022

YOU'RE INVITED TO THE PREMIER INDUSTRY EXHIBITION

Visit PVA at Booth # 2301 Promo Code PVA2021

IPCAPEXEXPO.ORG | [#IPCAPEXEXPO](https://twitter.com/IPCAPEXEXPO)

TRANSFORM your technical knowledge at North America's largest conference for electronics manufacturing industry professionals. Access the latest technical content and professional development courses by attending presentations featuring new technologies, advanced materials, and the latest processes to improve your career and business.

MODERNIZE your factory by seeing what's new on our innovation-driven show floor and in our Factory of the Future Pavilion where you will meet the companies that are helping to lead the electronics manufacturing industry through the next industrial revolution. IPC APEX EXPO 2022 will host the largest exhibition for electronics manufacturing with the industry's leading equipment manufacturers, suppliers, and innovators.

COLLABORATE with electronics manufacturing professionals and subject matter experts from every aspect of the global supply chain. Whether you are established in your career or just starting out, IPC APEX EXPO will be the networking event to make new connections, strengthen existing relationships and to re-connect with your peers.

Exceed your limits in electronics manufacturing as we transform the industry at IPC APEX EXPO 2022!

Exhibits Open

TUESDAY | JANUARY 25
10:00 am–6:00 pm

WEDNESDAY | JANUARY 26
9:00 am–6:00 pm

THURSDAY | JANUARY 27
9:00 am–2:00 pm

Experience and compare equipment from the industry's leading equipment manufacturers, suppliers, and innovators. Discover new processes to gain greater efficiency. Find new suppliers to save you both time and money, while uncovering new solutions that will prepare you for tomorrow's opportunities.

NOTEWORTHY ON THE SHOW FLOOR

RIBBON CUTTING CEREMONY

Tuesday | January 25 | 9:45 am-10:00 am

Feel the energy as we all come together to cut the ribbon to open the **IPC APEX EXPO 2022** show floor for the first time since February 2020!

FACTORY OF THE FUTURE PAVILION

Follow the **F2** signage to the **Factory of the Future Pavilion** located at **booth 1701** on the show floor. See how IPC's Factory of the Future programs are solving real business challenges, by identifying new technologies that modernize industry processes. Several of these new disruptive technologies already exist such as AI-enabled inspection, AI-machine learning, CAD, 3D design, simulation, 3D printing and more. IPC connects you with these disruptive technology companies, sorts through the technologies and provides a focus for the electronics manufacturing industry.

Meet the companies that are helping to lead the electronics manufacturing industry through the next industrial revolution.

SHOW FLOOR RECEPTION

Tuesday | January 25 | 5:00 pm-6:00 pm

This is your opportunity to network with the industry's leading equipment manufacturers, suppliers, and innovators, make new connections and interact in a business-casual environment.

MEET AND NETWORK WITH POSTER PRESENTERS

Tuesday | January 25 | 5:00 pm-6:00 pm

Wednesday | January 26 | 2:30 pm-3:30 pm

Thursday | January 27 | 12:00 pm-2:00 pm

Grab a drink, lunch or an ice cream and mingle with the poster presenters in **booth 3815**.

ICE CREAM SOCIAL

Wednesday | January 26 | 2:30 pm-3:30 pm

Satisfy your sweet tooth while networking with the innovators and suppliers of the electronics industry.

Tuesday Opening Keynote

Speaker: **David Pogue**

New York Times Columnist, Emmy-Winning CBS Sunday Morning Contributor and NOVA Host

Tuesday, January 25 | 8:30 am–9:30 am

Drones and robotics, AI, self-driving cars, employee-less stores, flying taxis, wearable medical sensors, software, and components are accelerating the arrival of new consumer technologies—and with them, changes to society and culture. Emmy winner **David Pogue**, the go-to expert on disruptive tech in a fast-changing world, will present **Disruptive Tech & How it Will Affect Your Business: What's Coming by 2026**.

Wednesday Opening Keynote

Speaker: **John W. Mitchell**

President and CEO | IPC

Wednesday, January 26 | 8:00 am–9:00 am

Drawing on insights gleaned from industry leaders and IPC research, IPC's President and CEO **John W. Mitchell** will present: **State of the Industry: Electronics Manufacturing Embraces Digital**. An assessment of the state of electronics manufacturing and the trends that will define the industry's financial growth and technological progress in 2022 and beyond, Dr. Mitchell's keynote will touch on the topics that are the focus of boards rooms and shop floors: factory modernization, supply chain resiliency, workforce demands, and environmental stewardship.

Hotel Information

In partnership with onPeak, we have secured discounted rates at a selection of San Diego hotels. We know plans change, so to help ease your travel planning, onPeak, the only official hotel provider for IPC APEX EXPO 2022, offers convenient hotel options with flexible change and cancellation policies. We encourage you to book through them early for the best selection and price.

Discounted hotel rates are available through January 4, 2022 or until the room blocks are full. For more information visit; ipc.org/apex_hotels.
